Exhibitor Booth Graphics Instructions

After opening each of the individual panel PSD files and inputting your company's design, make sure to save your files correctly:

FILE SAVING

panel1.psd ---> **panel1.jpg**

panel2.psd ---> **panel2.jpg**

etc...

Once all of your JPEGs are saved, please compress your files into one, and rename that to **companyname_booth.zip** and **[upload here.](#)**

[Finally, please fill out this brief form.](#)
